Unique QR Codes for Trees with Live Location Tracking

Each tree has a distinct QR code with detailed information like planting date, age, and tree type, facilitating easy identification.

[Scan Me](#)

Secure Green Credit Transfer and Marketplace

Our platform provides a secure environment for users to transfer and trade green credits, ensuring transparency in all transactions.

[Manage](#)

Government Monitoring Dashboard

Government officials access a specialized dashboard to monitor tree planting activities and green credit transactions.

[Let's Go](#)

Green credits are just like carbon credits

Fact: Green credits incentivize eco-friendly actions such as tree planting and water conservation, distinct from carbon credits which focus on offsetting carbon emissions..

Carbon credits can be used interchangeably with green credits.

Green credits only benefit large corporations.

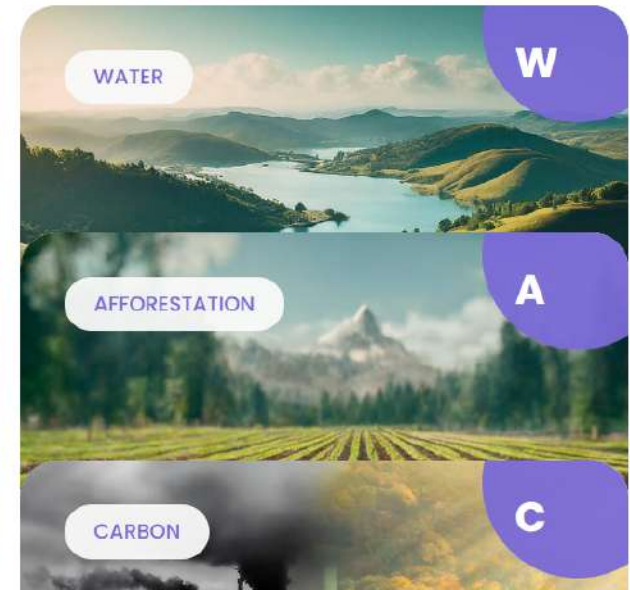

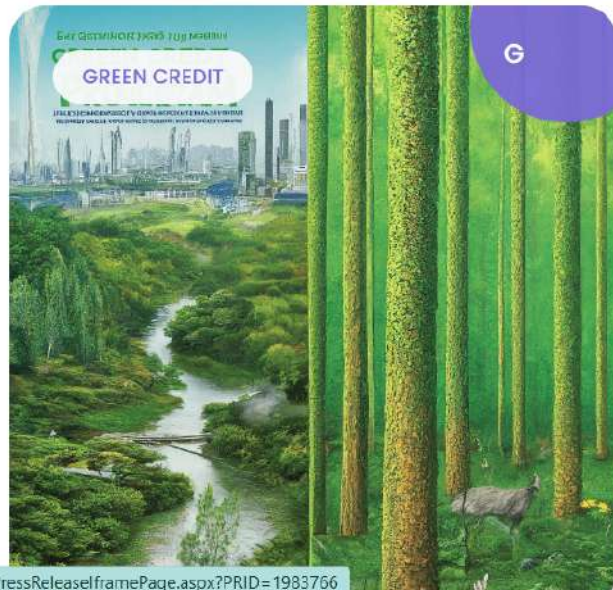

ABOUT US

What Make Us Different From Other ?

We stand out with advanced tech, transparency, and comprehensive features. From live tree tracking to secure credit transfers, we empower action for a greener world
